## Condizioni generali di vendita

- La firma della conferma d'ordine, l'accettazione di una fattura o di una fornitura equivalgono all'approvazione delle presenti condizioni, le quali - in caso di rapporti commerciali correnti - sono valide anche per i singoli contratti senza indicazione particolare. La variazione o la nullità di singole condizioni non compromette la validità delle altre condizioni.
- Le dichiarazioni fatte da rappresentanti o da altri che divergessero dalle presenti condizioni, che riconoscessero difetti o che contenessero determinate garanzie, sono comunque vincolate alla nostra conferma scritta.
- Le nostre offerte sono senza impegno e si intendono con partenza dal luogo di fornitura o dal nostro deposito. Siamo autorizzati ad affidare a terzi l'esecuzione di contratti e la fatturazione; in tal caso l'acquirente accetta la validità delle nostre condizioni generali di vendita che si instaurano fra lui stesso e il nostro intermediario. Le forniture si effettuano in base alla disponibilità. Ci facciamo comunque premura di rispettare i termini di consegna ma senza garanzia alcuna.
- Ogni fornitura – parziale, successiva o allegata – costituisce un atto commerciale giuridicamente autonomo e non coinvolge le restanti consegne. Una fornitura ritardata non giustifica alcun risarcimento dei danni o annullamento del contratto.
- Difficoltà di produzione, conflitti di lavoro, catastrofi, impedimenti di trasporto, agitazioni sociali, difficoltà di reperimento di materiale grezzo, accentuato incremento dei prezzi e casi di forza maggiore ci esonerano nel contempo dall'obbligo della fornitura.
- Per ordini di materiale rettificato con posa mista e/o modulare è necessario comunicarlo al momento dell'ordine; così come per ordini di completamento. Bluetiles srl non risponde di contestazioni di calibro se non espressamente comunicato.
- La merce ordinata – soprattutto in caso di forniture parziali dilazionate – va ritirata dall'acquirente al massimo entro un mese. La merce non prelevata – decorso il termine di presa di consegna – da parte nostra può essere utilizzata in altro modo o messa in conto senza variazioni nella scadenza di pagamento. Gli sconti a saldo verranno conteggiati o dedotti ad accettazione o pagamento avvenuti.
- La spedizione avviene per conto ed a rischio e pericolo dell'acquirente. I rischi e pericoli passano a carico dell'acquirente dal momento in cui viene segnalata la disponibilità della merce pronta per la spedizione o per il prelievo, altrimenti dal momento del prelievo stesso. In caso di merce difettosa si suppone che il difetto sia sorto dopo il passaggio della merce all'acquirente, questi semmai deve dimostrare il contrario. Danni all'imballaggio o difetti alle palette vanno denunciati al più tardi durante il carico della merce. Per quanto concerne l'utilizzo dei nostri prodotti garantiamo soltanto in conformità alle indicazioni scritte.
- La garanzia viene meno per merci di seconda o terza scelta, assortimenti minori o partite speciali, soprattutto in riferimento alla protezione dal gelo. La denuncia di eventuali difetti va effettuata al momento della presa in consegna della merce o comunque prima della sua ulteriore consegna o lavorazione, e al più tardi entro 8 giorni dalla presa in consegna va segnalata per iscritto alla nostra gestione commerciale. Siamo autorizzati ad esaminare la denuncia entro 15 giorni dalla data di arrivo. Qualora la denuncia risultasse infondata l'acquirente si assume le spese del controllo effettuato. Se invece essa risulta motivata, si procede – a nostra scelta – alla sostituzione della merce entro un adeguato lasso di tempo o ad una riduzione del prezzo d'acquisto. È esclusa ogni qualsiasi ulteriore rivendicazione. La spedizione di ritorno della merce viene accettata solo previo accordo scritto e va effettuata franco di porto, a spese e a rischio dell'acquirente, fermo restando lo stato originale della nostra merce.
- Sono esclusi i reclami per merce già posata qualora la posa non sia stata eseguita da un tecnico autorizzato dalla nostra azienda.
- I reclami per difetti nascosti vanno effettuati al più tardi entro 6 mesi dalla presa in consegna della merce.
- In caso di forniture supplementari non si garantisce per l'identità del colore rispetto alla merce già ricevuta. Non si garantisce che non vengano lesi diritti protettivi di terzi.
- Per il conteggio vale il prezzo corrente nel giorno della nostra disponibilità alla fornitura o consegna. Le consegne franco di porto e di dogana non ci obbligano alla presentazione di denaro. Le palette vengono fatturate fintanto che al momento della fornitura non riceviamo palette di ricambio. Le nostre fatture vanno saldate entro 30 giorni dalla data di emissione.
- La detrazione di sconti non è ammissibile fintanto che permangono fatture inevase. L'insolubilità del cliente comporta un'immediata decorrenza del suo debito. La presa a riposo di cambi necessita di una convenzione particolare e funge solo da dilazione. Dalla scadenza il cliente ci offre la cessione dei suoi crediti nell'equivalente del suo debito per l'accettazione in qualsiasi momento.
- Sono validi quei pagamenti che vengono effettuati unicamente presso gli istituti bancari da noi segnalati per iscritto. I versamenti vanno conteggiati dapprima in base ai costi e agli interessi e quindi al valore fatturato.
- La vendita viene fatta con riserva di proprietà di cui agli articoli 1523 c.c. e seguenti sicché le cose vendute passeranno in proprietà all'acquirente soltanto col pagamento dell'ultima rata. L'acquirente assume tutti i rischi e pericoli anche per i casi fortuiti o di forza maggiore obbligandosi a denunciare immediatamente alla venditrice le eventuali azioni conservative o esecutive promosse da terzi nonché ogni rimozione o trasloco della merce in altre località.
- Il mancato o ritardato pagamento di una sola rata provoca la risoluzione di diritto del contratto e fa decadere il debitore dal beneficio del termine. In questo caso il committente riconosce a Bluetiles srl il diritto di ottenere la riconsegna della merce venduta facendo ricorso alla procedura di cui all'art. 833 c.p.c. Le rate già pagate resteranno a totale beneficio della venditrice a rifusione delle spese incontrate nella vendita e dei danni subiti salvo il diritto di ripetere i danni maggiori.
- La concordata riserva sulla proprietà comprende anche le palette e gli imballaggi. Dobbiamo essere informati sugli eventuali pignoramenti della nostra merce.
- Per qualsiasi controversia o contestazione è eletto esclusivamente competente il foro di Modena.

## General conditions of sale

- Your signature on the order confirmation or the acceptance of an invoice or a supply is indicates your approval of these conditions, which - in the case of an ongoing commercial relationship - are also valid for single contracts without any particular indication. If single conditions are changed or found to be void, this will not affect the validity of the other conditions.
- In any case, statements made by representatives or others that contradict these conditions, recognise defects or that contain certain guarantees are not valid without our written confirmation.
- Our offers are not binding and are understood to be from the place of supply or our warehouse. We are authorised to entrust the execution of contracts and billing to third parties; in that case, the purchaser accepts the validity of our general conditions of sale, which are valid between the purchaser and our intermediary. Supplies are made based on availability. In any case, we undertake to respect the terms of delivery but without any guarantee.
- Each supply - partial, subsequent or annexed - is a legally-independent commercial transaction and does not involve the remaining deliveries. A late supply does not justify compensation for damages or the cancellation of the contract.
- Production difficulties, labour disputes, catastrophes, transport problems, social unrest, difficulties in obtaining raw materials, price increases and cases of force majeure will simultaneously release us from the obligation to make the supply.
- It is necessary to communicate in the time of the order if you need material rectified for modular laying or if it is a completion of an old order. Without receiving this previous communication, Bluetiles srl will not accept any claims for caliber problems.
- The purchaser must pick up the goods ordered within a maximum of one month - especially in the case of partially delayed supplies. After the delivery term has passed, we can use any goods that have not been picked up in another way or invoice them without any changes to payment due dates. Payment discounts will be applied or deducted upon acceptance or payment.
- Shipment is on the purchaser's behalf and its risk. Risks and dangers pass to the purchaser at the time it is notified that the goods are ready for shipment or pick-up or, otherwise, at the moment of the pick-up itself. In the case of defective goods, it is assumed that the defect arose after the transfer of the goods to the purchaser unless it can be proven otherwise. Damage to packing materials or defective pallets must be reported no later than the loading of the goods. As for the use of our products, we only guarantee conformity to their written descriptions.
- The warranty does not apply to goods of second or third quality, small assortments or special lots, especially in reference to frost protection. Any other defects must be reported at the time of the delivery of the goods or, in any case, before another delivery or work and, at the latest, within 8 days from delivery, in writing to our sales department. We are authorised to examine the claim within 15 days of its date of arrival. If the claim is determined to be unfounded, the purchaser will be responsible for the expense of the examination made. If, however, the claim is justified, we will - at our option - replace the goods within an adequate period of time or at a reduced purchase price. Any other claim is excluded. Shipments of returned goods are only accepted with our prior written agreement and must be made prepaid, at the purchaser's risk and expense, so long as our goods are in their original condition.
- No claims will be accepted for goods already laid unless performed by a technician authorised by our company.
- Claims for hidden defects must be made no later than 6 months from the delivery of the goods.
- In the case of additional supplies, we cannot guarantee that the colour will be identical to that of the goods already received. We cannot guarantee that the protective rights of third parties have not been damaged.
- Goods will be billed at their current price as of the date of our availability to make the supply or delivery. Prepaid and duty-free deliveries do not obligate us to payout cash. Pallets will be billed if, at the moment of the supply, we do not receive pallets in exchange. Our invoices are payable within 30 days from the date of issue.
- Discounts may not be taken so long as there are unpaid invoices. The customer's insolvency makes its debt immediately payable. The acceptance of bills of exchange requires a special agreement and serves only to extend the terms. Upon their expiration, the customer offers to transfer credits to us equivalent to its debt for acceptance at any time.
- The only valid payments are those made to the banking institutions specified by us in writing. Payments will be applied first to costs and interests and then to the value invoiced. Sales are made with the reservation of ownership referred to in articles 1523 and following of the Italian Civil Code since ownership of the goods sold only passes to the purchaser when the last instalment is paid. The purchaser assumes all risks and dangers, even for accidents and force majeure, undertaking to immediately inform the vendor of any attachments or liens by third parties as well as any removal of the goods to another location.
- The late or missing payment of even a single instalment will lead to the cancellation of the contract by law and the debtor will lose the benefit of extended payment terms. In this case, the customer recognises the right of Bluetiles srl to take back the goods sold through recourse to the procedure referred to in article 833 of the Italian Code of Civil Procedure. The vendor will keep all instalments paid to cover the expenses of the sale and the damages suffered except for the right to compensation for greater damages.
- The agreed-upon reservation of ownership also includes the pallets and packing materials. We must be informed of any seizures of our goods.
- The Court of Modena will be exclusively competent for any disagreement or dispute.
